Fax: 818 765-5791

HEALTH REQUIREMENTS FOR SCHOOL ENTRY

All students entering our School for the first time need to bring proof of the following immunizations:

- Polio x 4 shots
- DPT x 5 shots
- MMR x 2 shots. (The first shot must be given on or after 1st birthday)
- Hepatitis B x 2 shots
- Varicella x 1 shots. (The first shot must be given on or after 1st birthday. 2nd shot recommended)
-

Students entering **Kindergarten** need to have had a TB test with result done after September 1st 2008. If the TB test was placed before 9/08 the test is too old and the child needs to have a new test.

If a **new student** is coming from outside of California, they too need to show proof of the TB test within the past year.

Students entering **First Grade** need to have had a physical examination performed within 18 months before school starts. The examination must be dated after March 1st 2008 or the examination is too old and out of date. Another physical examination would need to be performed by the child's doctor.

All new students entering **Grade 2 and above** need to have a physical performed within the past year. We need a copy of the physical-signed and dated by the Doctor or Clinic.

Please bring shot records and physical examination forms to the school office.
